

About Peepul

Peepul is an education-focused non-profit. **We dream and work towards creating an education system in India that enables 'every child to realize their potential.'**

We work closely with governments at the national, state, and local levels to transform government schools and government systems. The poorest children in India study in government schools and too many of them are falling through the cracks. We are determined to ensure that they receive a high-quality education to help them succeed in life.

We are restless, resilient, and reflective. We aim high, we innovate, we work smart, we work as a team, and we use rigorous research to inform our work.

Job Description: Project Associate

Reports to: Project Manager
Location: Delhi
Start date: Immediate
Salary: Commensurate with experience

Role Context

Peepul has partnered with the SDMC to strengthen learning outcomes, through the Exemplar Schools as well as a Teacher Training and Development programme. Through this partnership, we have also developed a deep understanding of the municipality context, education landscape, and administrative support structures at the ground-level.

In the Exemplar School Network, we test, demonstrate, and continually evolve our high-engagement classroom practice toolkit, supporting 1200 children from the poorest families in Delhi. These innovation labs of ours are also bright spots for the country's government school system, with 85%+ of our students meeting or exceeding grade-level expectations. They showcase the excellence that is possible in the public school system, at a cost model comparable to normal government expenditure.

Building on the learnings from the schools, we are **building the Capacity of Teachers and Education Officials (Sitara Programme), Delhi, India**. Specifically, we are supporting the teacher capacity building of 2,800 teachers across ~600 Delhi primary schools in partnership with the SDMC (South Delhi Municipal Corporation), to build their capacity to implement the toolkit in their schools and classrooms. We use a three-pronged strategy which includes: (1)

bite-sized modular training sessions, (2) professional learning communities, and (3) in-classroom observations and support to build the capacity of teachers.

Role Description

The role of the **Project Associate** is critical to the success of the continued partnership with the SDMC towards achieving quality education for all, and to Peepul's strategic objective of supporting quality improvement in the public-school system in India.

This is therefore an exciting opportunity for a highly motivated individual to play a key role in a flagship reform initiative with enormous potential impact.

To enable programme's success, we require to rapidly roll-out and scale our support to reach all teachers and officials in the SDMC.

The **Project Associate** will be an excellent team player, who will drive design and delivery of interventions towards stronger support and accountability of teachers and academic officials of the SDMC. The ideal candidate should be able to bring together education expertise, creative problem-solving and stakeholder management, towards the creation, implementation, and impact tracking of high-quality initiatives towards improvement of the quality of education in the SDMC.

Key responsibilities

To support the design and delivery of projects and build a coalition of support around them.

- Work with senior government stakeholders and Peepul's leadership, to support the design, development, and implementation of key projects / interventions, as part of the larger programme
- Build consensus within all levels of government and other stakeholders, towards the vision and objectives of the programme
- Define success metrics and growth aspiration for their projects/interventions, and communicate these effectively with all stakeholders
- Work with in-house M&E team and external experts to develop appropriate project evaluation tools, including rigorous academic assessment where appropriate

To manage best-in-class project implementation.

- Own and drive the implementation of their projects at-scale, in close coordination with Peepul's education and training team, and in consultation with Project Manager(s) and Program Manager(s)

- Leverage Peepul's work across programmes to transfer codified learnings to their work
- Create effective work-planning and management systems to ensure work remains on track and effectively prioritised
- Develop systems to ensure the effective use of data across the programme, developing appropriate tracking metrics to ensure high-quality implementation and identify areas for course correction and learning

To build an effective and sustainable delivery architecture, including a high- performing team and strong public, private and non-profit partnerships.

- Effectively work in a matrixed environment with education specialists, subject matter experts and field staff
- Develop and maintain strong operational relationships with government partners, providing leadership and putting in place mechanisms to support collaboration and cross-organisational working.
- Design and build effective, fully aligned partnerships to leverage external expertise where appropriate given Peepul's in-house skill-set
- Build capacity within government teams to ensure ongoing, sustainable organisational self-improvement after the formal end of the projects / the broader programme
